            Hey everyone!, I'm Catherine Jade Monterozo De Jesus, and I'm thrilled to be
starting my
            journey as a first-year student in Bachelor of Science in Computer Science
(BSCS). At 22
            years old, I'm diving into the world of technology headfirst, living in the
vibrant Mabuhay City
            in Mamatid, Cabuyao Laguna. Ever since I can remember, I've been fascinated by
            computers and software, and my ultimate goal is to become a software engineer.
There's
            something incredibly satisfying about the idea of creating innovative solutions
through
            code. I spend my days devouring programming languages and exploring the
intricacies of
            algorithms. With each line of code I write, I'm getting closer to my dream of
making a
            difference in the tech world. It's an exhilarating journey, and I can't wait to
see where it takes me.
